Duane Jensen
City Utilities Engineer
City of Grand Junction
250 N. 5th
Grand Junction, CO. 81501

Dear Duane:

In response to your recent letter regarding manholes along 30 Road, the Central Grand Valley Sanitation District has directed their contractor to raise manholes where necessary to facilitate access.

After the manholes are raised, they will determine the best way to provide vehicular access and make arrangements for your truck.

Very truly yours,

Robert P. Gerlofs
