Mr. Art Crawford
Fruitvale Water & Sanitation District
2887 North Avenue
Grand Junction, CO 81501

Gentlemen:

As discussed earlier on the telephone the monthly sewer service charge to customers in the Fruitvale Sanitation District will be less than the rates set by City Ordinance No. 1849 passed by the City Council on November 21, 1979. The reason that the Fruitvale customers will be charged less is because the City does not provide the operation and maintenance or the repair and replacement of the collection system. The cost of those activities amounts to \$0.95 of the \$4.20 monthly charge for each Equivalent Residential Unit (EQU).

As agreed in previous conversations, the City will bill the Fruitvale customers the rates established by City Ordinance No. 1849 plus any additional amount to be determined by the Fruitvale District and will refund to the Fruitvale District the difference between the amount billed and the amount to be retained by the City.

If this is not agreeable to you please let us know so we can adjust our billing prior to our January billing cycles.

Yours truly,

James E. Patterson, Jr.
Utilities Director
