Re: Proposed Joint Sewerage Service Agreement

Dear Mr. Hahn:

I am enclosing your suggested Joint Sewerage Service Agreement between the City of Grand Junction and the County of Mesa. Some additions are noted thereon which were suggested by the staff over here.

I suppose now you ought to put it in final form with any further ideas you may have and then we will quickly proceed to get it adopted by both the City and the County so that we may get with the interim financing.

Yours truly,

Gerald J. Ashby
City/County Attorney
