Central Grand Valley Sanitation District
Al Reuter, Secretary
590 Grand Valley Drive
Grand Junction, CO 81501

Dear Sirs:

Enclosed are three copies of a supplemental agreement between the City and your district with a cover letter from the County's bond counsel requesting that this agreement be adopted.

Since your district is a separate entity from the City and County, it is important for the bond rating authorities to have a clear indication that all sewer fees will be coordinated so that the County will be able to maintain a bond repayment schedule.

Your assistance in giving this item your attention at your earliest convenience will be greatly appreciated. If you have any questions, John Tasker, Gerald Ashby, or I will be happy to try to answer them for you. Thank you for your cooperation.

Yours truly,

James E. Patterson, Jr.
Utilities Director
