Date: February 10, 1981

To: City Council and County Commissioners

From: Jim Patterson and Jim Wysocki

As you know, we have again experienced some delay in getting our construction grant to start building the new sewage treatment plant. We are having some difficulty getting our plans approved by the State Health Department staff.

Ron Schuyler, head of the Water Quality Division has agreed to meet with us on February 26 to discuss our project. You are invited to hear Ron's comments and to express any concerns to him that you may have regarding the delay of our project.

We will leave City Hall at 10:30 A.M. on February 26 to visit the plant site, and then meet for lunch at noon at Two Rivers Plaza. Ron will be prepared to visit with us until about 2:30 when he will return to Denver.

You are invited to participate in any part or all of the visit. If you can attend the lunch, please let Judy Chmielewski (243-2633, Ext. 238) know so we can make the proper number of reservations by noon Tuesday, February 24.
