Dear Don:

I apologize for having taken so long to answer this letter for Jim Wysocki. As you know, the last several months we have been busy putting together the City's budget.

After having a long discussion with Jim Patterson and Jim Wysocki, we feel that the City would not be able to discount the present service charge if you were to do your own billing. Within the past week you should have received new service charges from Jim Patterson which gives you a discount for the maintenance of your lines.

I feel that in order for the City to maintain accurate records for its service charges, we must do our own billing. If you feel that you want to bill for your portion, that is fine, but one thing to consider is that the customer will be receiving two bills for the same service.

If you have any questions or wish additional information, please let me know and I will gladly work with you in any way I can.

Sincerely,

A handwritten signature in cursive script, appearing to read "John D. Tasker".
