RE: Valley Home and Property Owner's Alliance Recommendations

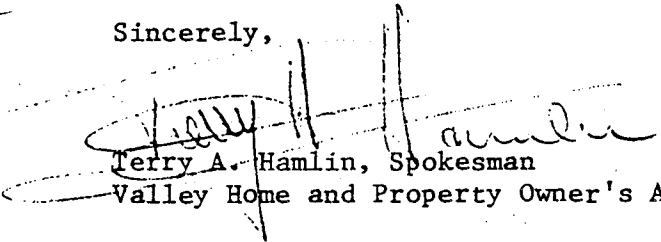

Dear Mr. Kelly:

Please find enclosed the resulting recommendations that The Valley Home and Property Owner's Alliance have formulated at three meetings during the past 30 days.

Per our verbal understanding of September 9th you will review these recommendations and we will set a meeting to discuss the material. I am sure you will have questions.

I will personally call you next Monday to see when would be a good time to meet. I feel certain time is of the essence since it was your recommendation that this particular planning matter and the concerns surrounding the airport issue be culminated by the end of this year. The Valley Home and Property Owner's Alliance are in agreement to work within that time frame.

Sincerely,

Terry A. Hamlin, Spokesman
Valley Home and Property Owner's Alliance
