Dear Jim:

Enclosed are the City/County Sewer Agreements I promised to send you per telephone conversation of March 14, 1983. Notice that no provision is made for amending the 201 Service Area Boundary.

Yesterday, I informed the County Commissioners that we are undertaking a comprehensive evaluation of procedures and criteria for 201 Service Area Boundary alterations. They then approved an extension of the area for properties adjacent to the Paradise Hills Interceptor, on the theory that the area should not have logically been excluded for the initial 201 service area designation.

Very truly yours,
