"WELLNESS IN A SAFE ENVIRONMENT"

To: Gordon Tiffany

From: Tom Douville

Subject: Request for funds to recover costs of County's involvement in administration of Persigo system operations.

Our review of the Persigo operation and our interests in the system have expanded during 1985. I believe that we should increase our efforts in 1986, as we are not yet at a level of involvement which is commensurate with our ownership position.

In order to continue and/or increase our involvement, we must have a source of funding. The City charges a fee (a percentage of gross revenue) for its administrative efforts. We currently charge nothing. I propose that the County initiate steps to recover our costs just as the City is.

I do not know what our total costs for 1986 will be. However, I do estimate my costs at approximately \$7,500. This amount is equal to 10% of the Personal Services cost for the waste disposal specialists.

Tom -

I agree "philosophically" with your request, but I think this ought to be addressed as part of a new interlocal agreement on the total system. Stacks 2, 1985
