Subject W.D. & H. O. Wills

Date March 3 1986

I was asked if W.D. & H. O. Wills had provided a set of  
engels for the Grant Brown and Linda state interceptors and in  
checking found that no one had instructed them to provide  
them to the City. We do need a set for our engineering section  
do ever Jim Abbott of W.D. & H. O. Wills indicated a charge of \$350.<sup>00</sup>  
if I want them to make up a set. This item is Grant  
approved in the City and to be re-ordered. If you want me to  
proceed on this please let me know
