May 11, 1987

City of Grand Junction  
250 North Fifth Street  
Grand Junction, Colorado 81501

Attention: Greg Trainor, Utilities Manager

Dear Greg:

The Board of Directors of the Central Grand Valley Sanitation District is deeply concerned over the continuous substantial increases in the sewer rates charged by the City in its operation of the joint City/County sewer system. In reviewing the relationship between the District and the City, we find two areas which have been neglected in implementation of these rate increases. These two areas are maintenance and construction.

The City is responsible for administering the system on an equitable basis for all within the system. To better analyze how the residents in the Central Grand Valley Sanitation District might more equably be charged, we request the following for the sewer system for the years 1981 through 1986:

1. Audit reports.
2. Detail list of capital expenditures with descriptions.
3. Expenditures related to line maintenance.
4. Areas of lines maintained and type of maintenance provided.
5. Detail budgets.

We, also, request a detail budget for 1987. We recognize that some of the requested information may be difficult to

Greg Trainor

provide. We only ask that you make reasonable effort to provide the data, with the exception of the years 1981 and 1986. We feel that those two years are necessary for the analysis.

Please let us know how soon this can be provided.

Thank you for your attention to this matter.

Sincerely,

Board of Directors

CENTRAL GRAND VALLEY SANITATION DISTRICT
