Your FAX No. 244-1639

RE: Valle Vista

Dear Lyle:

Enclosed are two letters we would like to have signed by the County. The first is the letter to CDH regarding the capacity of the Persigo Plant. It needs to be signed by the County as the owner of the Plant. I discussed with CDH the disagreement between the City and County over ownership but as far as CDH is concerned, ownership is with the County. Perhaps a rewording to call for the signature of the City as manager would be appropriate.

The second letter is required before the project can go forward. On October 6, CDH wrote a letter to the County (a copy is attached) requiring that the County and OMSD agree on a routing for the line before the contract went to bid. Unfortunately, all of us overlooked the letter and the request for bids went out last night. We need to get this letter signed by the commissioners ASAP. It really should have been dated prior to the 27th of January.

Thanks for your continuing help.

Sincerely,

Larry B. Beckner
