Attention: Jim Miller

Dear Mr. Miller:

This letter is to confirm our conversation today.

We met to discuss the proposed Orchard Mesa Sanitation District's sewer line route to serve Valle Vista subdivision. You reviewed the proposed plans as prepared by Westwater Engineering.

Your comments regarding the proposed sewer included:

1. No ~~major~~ problems with endangered species or wetlands.
2. The Division of Wildlife will require that no cottonwood trees with diameters of more than 10" will be disturbed.

If you have any further comments or if I have misstated your comments please let us know as soon as possible. If we do not hear from you within 10 days we will assume that you agree with the above comments.

Thank-you for your time and cooperation.

Sincerely,

Dwain P. Watson
West Slope District Technician
Water Quality Control Division
