

July 20, 1977

Mr. Ron Schuyler
State Health Department
4210 E 11th Avenue
Denver, CO 80220

Dear Mr. Schuyler:

Re: Water Pollution Control Grant No. C-080337-02

On June 30, 1977, we sent a letter to the Office of Grants of the Environmental Protection Agency requesting a reimbursement and final payment for a Step II design grant for the above referenced project which was the design of modifications to our existing wastewater treatment plant.

The City of Grand Junction does not wish to construct the designed improvements at this time; therefore, we request that the State review the design of Nelson, Haley, Patterson, & Quirk for completeness under terms of the contract and also certify to the Environmental Protection Agency so that EPA may process our request for reimbursement.

If you have any questions, please feel free to let me know.

Sincerely,

Duane R. Jensen, P.E.
City Engineer-Utilities
