2260 North Main Street, Suite 300, Grand Junction, CO 81501

August 26, 1977

SECOND NOTICE OF SEWER TAP FEE DUE

Our records indicate you have not responded to our letter of June 30, 1977, which requested payment of a sewer tap fee for the above address.

This second notice is forwarded as a reminder should the original letter have been misplaced. Tap fees are due from all residents of the Paradise Hills area, and in some cases the standard Power of Attorney was requested and in other instances the required advance payment deposit was requested.

These three items are absolutely required if sewer service is to be continued at this address. Should it become necessary to discontinue service you would, of course, be charged an additional time and material charge for any reconnect service.

If you have any questions on this matter please contact a member of your Service Company or this office.

Sincerely yours,

  
Malcolm McGregor  
Utility Accounts Supervisor
