SUBJECT: Paradise Hills Sewer District

Attached is a list of Paradise Hills sewer customers who were contacted on June 30, 1977 with second notices forwarded on August 26, 1977, and who have not responded to our request for either tap fees, deposits or power of attorney forms.

I feel that our office has made reasonable effort to collect these deficient items and the names should be forwarded to someone in higher authority for collection.

You will note the first part of the list contains names which have not paid the \$1.50.00 plant investment fee. Those who have not made a deposit or completed a power of attorney are annotated with (#). The last part of the list marked in the left border with (*) have paid tap fees but are deficient in either deposit, power of attorney or both as indicated.
