

## CITY GRAND JUNCTION, COLORADO

## MEMORANDUM

Reply Requested

Yes  No 

Date

November 4, 1977

To: (From:) John Tasker From: (To:) Duane R. Jensen, P.E.  
Finance Director City Engineer-Utilities

Subject: Valley Wide Sewer Project - Mesa County Participation

West Plant and Interceptors

## Design to Date

Expenditures \$123,236.79  
of which 25% is local cost or \$30,809.20  
Of local share one-half City and one-half County  
so bill County \$15,404.60

## Land Costs

We have paid \$112,000.00 for land and water  
Water includes 77 shares of stock in Grand Valley Irrigation  
Company which City will retain 77 shares at \$300 per share  
= \$23,100.00  
So land costs are \$112,000.00 - \$23,100.00 = \$88,900.00  
One-half land cost is City and one-half is County  
so bill County \$44,450 for land.  
Total bill to County \$44,450 + \$15,404.60 = \$59,854.60

cc - Jim Patterson
