historic background (discuss important persons and events associated with this structure)

This structure is located within the original platted area of Grand Junction and was representative of the 1890s town building. The glazed brick was manufactured in Delta. In 1924 the structure housed the Senate Cigar sotre, owned by James Purcell, a prominent local businessman, the business occupied this location until 1954 when Factory Outlet Shoes moved in. This was probably the time when the storefront change took place.
