

Purchasing Division

ADDENDUM NO. 1

DATE: October 30, 2015
FROM: City of Grand Junction Purchasing Division
TO: All Offerors
RE: Tandem Dump Truck with Mag Tank IFB-4129-15-NJ

Offerors responding to the above referenced solicitation are hereby instructed that the requirements have been clarified, modified, superseded and supplemented as to this date as hereinafter described.

Please make note of the following clarifications:

1. **Question 1:** "...are you looking for a 15' Chassis with an extra 6 inches to eliminate the need for an external asphalt apron? Also, do you have any specific CT requirements for the chassis?"

Response: The Dump bed should be in the 15 Foot range with asphalt style tail end preferred. The cab to axle, or Cab to tire measurement shall be determined by the body builder, and expressed to the Chassis manufacture in order to obtain the CT distance required to properly fit bed and accessories to the truck and achieve proper weight distribution and functionality.

2. **Optional Equipment Item #2:** Please provide additional pricing for the following specification:

MONITOR/CAMERA'S: "Zone Defense", Industrial Series 7" DVR Quad monitor camera system with touch screen, or "Third Eye" system. Dual cameras. One for rear viewing and one for viewing plow wing on the right side. No shutters.

- Monitor shall be color, flat screen, mounted in the upper right corner of the right driver's position while seated in the right side of the truck.
- All components to be weatherized and heated for cold weather to prevent frost on the lenses, and shall include heavy-duty camera enclosures and a cable protection kit.
- Additional back up lights mounted at each side of rear camera. Rear camera and lights shall be designed to come on automatically when transmission is shifted into reverse.

Mounting of camera enclosure and lights shall be discussed at pre bid meeting. Camera built into tail light preferred.

The original solicitation for the project noted above is amended as noted.

All other conditions of subject remain the same.

Respectfully,

Nicholas C Jones, Buyer
City of Grand Junction, Colorado
