RE: City Hall I.T. Server Room Fire Suppression System Project IFB-4201-16-DH

Offerors responding to the above referenced solicitation are hereby instructed that the requirements have been clarified, modified, superseded and supplemented as to this date as hereinafter described.

Please make note of the following clarifications:

1. Q. Does the "Bidder" for this project have to be a licensed General Contractor, or can they be the fire suppression company?
 - A. The "Bidder" for any given project is classified as the General, and is responsible for all aspects of the entire project, as well as their sub-contractors, suppliers, installers, etc. This also includes providing (if required) their Bid Bond, and if awarded, their Payment and Performance Bonds, and all insurance requirements. If the "Bidder's" pricing is over \$50,000, the City's pre-qualification requirements must be met.

The original solicitation for the project noted above is amended as noted.

All other conditions of subject remain the same.

Respectfully,
