**RE: ADMINISTRATIVE REGULATION NO.**

Speed Regulation 36-4-1- 13- 01

City of Grand Junction

ISSUED BY: /s/ Tim Moore for Mark Relph 7/20/01  
 Mark Relph, Public Works & Utilities Director Date

RECOMMENDED BY: *Jody Klijaska* 07/20/01  
 Jody Klijaska, Transportation Engineer Date

Background:

An evaluation to determine the appropriate posted speed for the segment of Olson Avenue from 27 3/8 Road to Cherry Lane was conducted on July 20th, 2001. That evaluation was performed in accordance with and pursuant to Part 11, Section 1102 part 1 and 2 of the 1995 Model Traffic Code, section 2B-11 of the Manual on Uniform Traffic Control Devices 2000 and the *City of Grand Junction Speed Evaluation Standards*. The evaluation was reviewed by the Transportation Engineer and in her opinion is consistent with conscientious, reasonable and prudent traffic engineering standards and practices.

Findings:

Olson Avenue intersects with Cherry Lane, which is a no outlet. Cherry lane is posted 20 m.p.h. Olson Avenue needs a posting of 20 m.p.h. to reflect consistency in speed postings from all entrances into this area. Evaluation on file at City of Grand Junction Transportation Engineering Department, (970 256-4110).

Speed Regulation:

Olson Avenue from 27 3/8 Rd. to Cherry Lane shall be posted 20 m.p.h.
