Background:

An evaluation to determine the appropriate posted speed for the segment of Mountain View Drive from Unawep Avenue to Cheyenne Drive was conducted on January 21, 2002. That evaluation was performed in accordance with and pursuant to Part 11, Section 1102 part 1 and 2 of the 1995 Model Traffic Code, section 2B-11 of the Manual on Uniform Traffic Control Devices 2000 and the *City of Grand Junction Speed Evaluation Standards*. The evaluation was reviewed by the Transportation Engineer and in her opinion is consistent with conscientious, reasonable and prudent traffic engineering standards and practices.

Findings:

Mountain View Drive north of Unawep Avenue is a local street in a residential area. Mountain View Drive south of Unawep Avenue has an existing posted speed limit of 20 MPH. No mechanical speed record is needed, posting will be consistent with adjacent roadway. On file at City of Grand Junction Transportation Engineering Department, (970 256-4110).

Speed Regulation:

Mountain View Drive, Unawep Avenue to Cheyenne Drive shall be posted 20 MPH.
