RECOMMENDED BY: Jody Klijska 06/26/02
 Jody Klijska, Transportation Engineer Date

Background:

An evaluation to determine the appropriate posted speed for the segment of Music Lane from 26 Rd. (1st St.) to End of Roadway, including Braemer Circle was conducted on June 20, 2002. That evaluation was performed in accordance with and pursuant to Part 11, Section 1102 part 1 and 2 of the 1995 Model Traffic Code, section 2B-11 of the Manual on Uniform Traffic Control Devices 2000 and the *City of Grand Junction Speed Evaluation Standards*. The evaluation was reviewed by the Transportation Engineer and in her opinion is consistent with conscientious, reasonable and prudent traffic engineering standards and practices.

Findings:

Music Lane west of 26 Road (1st St.) is a 24' wide local street in a residential area. Music Lane is a no outlet street beyond Braemer circle. There are no side walks and 2-4' wide dirt shoulders. No mechanical speed record is needed, local residential speed posting will be consistent with adjacent street (F 1/2 Rd) and will include Braemer Circle. Findings on file at City of Grand Junction Transportation Engineering Department, (970 256-4110).

Speed Regulation:

Music Lane west of 26 Road (1st St.) to include north south roadway connection to F 1/2 Rd, Braemer Circle, shall be posted 25 MPH.
