RECOMMENDED BY:	<u>Jody Kliska</u> Jody Kliska, Transportation Engineer	<u>05/09/06</u> Date

Background:

An evaluation to determine the appropriate posted speed for the segment of Round Table Rd. from F Rd. to Milburn Dr. was conducted on March 30, 2006. That evaluation was performed in accordance with and pursuant to Part 11, Section 1102 part 1 and 2 of the 1995 Model Traffic Code, section 2B-13 of the Manual on Uniform Traffic Control Devices 2003 and the *City of Grand Junction Speed Evaluation Standards*. The evaluation was reviewed by the Transportation Engineer and in her opinion is consistent with conscientious, reasonable and prudent traffic engineering standards and practices.

Findings:

No mechanical speed study conducted. Connecting streets are being changed to 20 MPH. There are inconsistent posting on connecting streets (some are posted 20 MPH & some are Posted 25 MPH). Mesa County will be changing all posting in this area to 20 MPH. City will change the following streets from 25 MPH to 20 MPH to be consistent with County postings.
