At 1331 Winters Ave we are planning to start a fire wood business.

Most of the blocking of the wood will be done on the mountain. The wood that must be brought down in full lengths will be cut on our site.

Chain saws and the log splitter will also be used on the site.

The splitter has a 9 horse power engine and together with the saws should not make much more noise than a lawnmower.

We plan to store and sell app. 750 cords of wood.

Dale E. Nickerson
