Summary (crime scenes activity, court appearances, complex cases, use of resources, problems or unusual events):

CBI's Pre-Log system has finally gone live. Our agency was supposed to start submitting Lab Requests to CBI back in January, but they had technical issues with the system. Investigations was the first work group to switch to the new system this month. Additional patrol teams will be added in June as we attend briefings. Officers will submit entries to the State Lab on a web portal rather than filling out a paper form.
