- Joe and Michael gave an update on TRCC activities before they had to leave to go to another meeting.
- September was the biggest revenue month ever for TRCC. December should be another great month for the bottom line.
- Parking underneath the building is still difficult for some people to find. Might have to look at some additional signs.
- Kelly updated the group about a local caterer that doesn't like the fact that TRCC does catering. She thinks we should not be in the business at all. The group thinks things are okay as they are because TRCC does not aggressively pursue its catering. Generally, we just respond to inquiries or provide bids when we are asked.
- Mesa Pawn is for sale. The price has increased from \$550K to \$750K. The group thinks we should at least look into it. The building might be useful for the Police Dept. or it could be torn down for additional parking.
- Discussed the sign proposals that were received for a new sign at 1st and Main. The group preferred the ones submitted by Platinum Sign Co. This could be discuss with the CC and the DDA at their upcoming joint lunch meeting.
- The next meeting will be ***Monday 3 February 2003 at 11:45 AM*** (w/lunch) at TRCC.
