Offerors responding to the above referenced solicitation are hereby instructed that the requirements have been clarified, modified, superseded and supplemented as to this date as hereinafter described.

Please make note of the following clarifications:

1. Q. In the past we have supplied Derry 80115 which has performed very well for the City of Grand Junction. This material has a specific gravity of 1.24, which will make the weight of sealant three tenths of a pound more than 10 pounds that is specified. Will this product be acceptable?

A. Yes.

All other conditions of subject remain the same.

Respectfully,
