Denver Industrial Sales and Service Co	Yes	Yes	Yes	\$0.4890	\$122,250.00	Crafco 34546-PM56	Prompt payment discout of 2% for Net 10 Day terms. Bid Exception stated by Bidder: The Crack fill offered by DISSCO has a different physical property specification than that which was specified in the solicitation. Please see the attached Technical Data Sheet. Our vendor, Crafco Inc. does not produce a product that meets the Deery specification 80115 exactly. We are offering the Crafco 34546-PM56. We have been selling this product to other agencies in your area regularly with great success. The 34546 has proven its self to be a very user friendly and good performing sealant to the point it is our best-selling sealant on the western slope If in the event our proposal is competitive, we ask for the opportunity that you would at least try the product before you discard our proposal for being non-compliant to the specification. I believe you will be pleased. If you don't like it after you try it, so-be-it. We'll accept your decision and leave it at that.
