

Purchasing Division

ADDENDUM NO. 4

DATE: April 17, 2019
FROM: City of Grand Junction Purchasing Division
TO: All Offerors
RE: Riverside Park Improvements and Bike Path IFB-4621-19-DH

Offerors responding to the above referenced solicitation are hereby instructed that the requirements have been clarified, modified, superseded and supplemented as to this date as hereinafter described.

Please make note of the following clarifications:

1. Q. I think there is still an error with bid item #19 "Replace Vertical Curb Inlet and Grate with Area Inlet Frame and Grate and Adjust to Height". The bid documents list this item as 1 SY and shouldn't it be 1 Each?

A. Bid item #19 has been corrected to a UOM of Each. See attached updated Price Bid Schedule. Contractor shall utilize this updated Price Bid Schedule when submitting their bid response.

2. Please reference the bid schedule for the Riverside Park project, line item 47. The spare 2 inch conduit that was added, does it 90 up into each j-box like the other 2 inch conduit or does it run the continuous 1685 ft without any pull boxes. The original solicitation for the project noted above is amended as noted.

A. Please refer to the general notes on sheets E3 through E6 of the Electrical Plan set, stating that (2)-#6 THWN + #8GND wires shall be installed within 2" PVC Schedule 80 conduit between pull boxes. The spare conduit shall be installed only within the 1,685 LF of trench, as shown within the electrical trench detail on sheet E11 of the Electrical Plan set. The spare 2" schedule 80 PVC conduit shall not be 90° up into each J-box.

All other conditions of subject remain the same.

Respectfully,

A handwritten signature in black ink, appearing to read "Duane Hoff Jr.", written over a white background.

Duane Hoff Jr., Senior Buyer
City of Grand Junction, Colorado
